New York, the United Nations, and the Story Behind Their Unlikely Bond

PAMELA HANLON

FORDHAM UNIVERSITY PRESS

For more than 7 decades, New York City and the United Nations have shared the island of Manhattan, living and working together in a bond that has been likened to a long marriage—both tempestuous and supportive, quarrelsome and committed.

A Worldly Affair tells the story of this hot and cold romance, from the 1940s when Mayor Fiorello La Guardia was doggedly determined to bring the new world body to New York, to the UN's flat rejection of the city's offer, then its abrupt change of course in the face of a Rockefeller gift, and on to some tense, troubling decades that followed.

Racial prejudice and anti-Communist passions challenged the young international institution. Spies, scofflaw diplomats, provocative foreign visitors, and controversial UN-member policy positions tested New Yorkers' patience. And all the while, the UN's growth—from its original 51 member states to 193 by 2017—placed demands on the surrounding metropolis for everything from more office space, to more security, to better housing and schools for the international community's children.

Religion, Law, USA

Why religion? Why law? Why now? In recent years, the United States has witnessed a number of high-profile court cases involving religion, forcing Americans to grapple with questions regarding the relationship between religion and law. This volume maps the contemporary interplay of religion and law within the study of American religions.

What rights are protected by the Constitution's free exercise clause? What are the boundaries of religion, and what is the constitutional basis for protecting some religious beliefs but not others? What characterizes a religious-studies approach to religion and law today? What is gained by approaching law from the vantage point of religious studies, and what does attention to the law offer back to scholars of religion? *Religion, Law, USA* considers all these questions and more.

Each chapter considers a specific keyword in the study of religion and law, such as "conscience," "establishment," "secularity," and "personhood." Contributors consider case studies related to each term, and then expand their analyses to discuss broader implications for the practice and study of American religion.

Represented

The Black Imagemakers Who Reimagined African American Citizenship

BRENNA WYNN GREER

American Business, Politics, and Society

June 2019 336pp 61 illus.

9780812251432 £27.99 HB

UNIVERSITY OF PENNSYLVANIA PRESS

In *Represented*, Brenna Wynn Greer explores how black entrepreneurs produced magazines, photographs, and advertising that forged a close association between blackness and Americanness. In particular, they popularized conceptions of African Americans as enthusiastic consumers, a status essential to postwar citizenship claims. But their media creations were complicated: subject to marketplace dictates, they often relied on gender, class, and family stereotypes. Demand for such representations came not only from corporate and government clients to fuel mass consumerism and attract support for national efforts, such as the fight against fascism, but also from African Americans who sought depictions of blackness to counter racist ideas that undermined their rights and their national belonging as citizens.

The story of how black capitalists made the market work for racial progress on their way to making money reminds us that the path to civil rights involved commercial endeavors as well as social and political activism.

Songs of Profit, Songs of Loss

UNIVERSITY OF NEBRASKA PRESS

Since the early 1980s, private equity investors have heralded and shepherded massive changes in American capitalism. From outsourcing to excessive debt taking, private equity investment helped normalize once-taboo business strategies while growing into an over \$3 trillion industry in control of thousands of companies and millions of workers.

Daniel Scott Souleles opens a window into the rarefied world of private equity investing through ethnographic fieldwork on private equity financiers.

Songs of Profit, Songs of Loss documents how and why investors buy, manage, and sell the companies that they do; presents the ins and outs of private equity deals, management, and valuation; and explains the historical context that gave rise to private equity and other forms of investor-led capitalism.

UNIVERSITY OF NEBRASKA PRESS

The Spanish Craze is the compelling story of the centuries-long fascination with the history, literature, art, culture, and architecture of Spain in the United States. Kagan offers a stunningly revisionist understanding of the origins of hispanidad in America, tracing its origins from the Early Republic to the New Deal.

The Strange Careers of the Jim Crow North

Segregation and Struggle outside of the South

NEW YORK UNIVERSITY PRESS

This title is an inquiry into the system of institutionalized racism created by Northern Jim Crow. Liberalism, rather than lighting the way to vanquish the darkness of the Jim Crow North gave racism new and complex places to hide.

The Varieties of Nonreligious Experience

Atheism in American Culture

JEROME P. BAGGETT

Secular Studies

This book recounts what atheists have to say about their own lives and viewpoints. Drawing on questionnaires and interviews with over 500 American atheists, Baggett uncovers what they think about morality, what gives meaning to their lives, how they feel about religious people, and what they think and know about religion itself.

The Workfare State

Public Assistance Politics from the New Deal to the New Democrats

EVA BERTRAM

American Governance: Politics, Policy, and Public Law

March 2019 336pp

9780812224443 £23.99 NIP

UNIVERSITY OF PENNSYLVANIA PRESS

Bertram challenges the conventional understanding of the development of modern public assistance policy, as she recounts the history of the evolving social contract from the 1930s to the present to show how a need-based entitlement was replaced with a work-conditioned safety net, heightening the economic vulnerability of many poor families.

Troublemakers

Students' Rights and Racial Justice in the Long 1960s

KATHRYN SCHUMAKER

July 2019 288pp
